

5. Customer lifetime value (CLV)

Step:1

Findings from the Analysis:

CLV = AOV x n
= (Purchases revenue/Transaction) x (Transactions/Total purchasers)
= (\$195,966.17/1,145) x (1,145/1,145)
= \$171.15 x 1.07
= \$183.13

Step:2

How to increase repeat purchase rate(RPR):

1. Stay in Touch Through Email Marketing
2. Start a loyalty program
3. Provide amazing customer service
4. Upsell and cross sell
